DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This small two story brick house with shed roof and bracketed cornice is one of the tiny alley houses that once served as housing for the servants of the large houses on nearby Warren Ave. and Montgomery St. The house has been restored.

The house is two stories in height, 15' wide, and occupies a lot 36' deep. The house is two rooms deep and there are no rear additions. The house is constructed in common bond. The shed roof is capped by a wooden cornice consisting of a deeply projecting crown molding set above panels decorated with scroll-sawed motifs and a plain frieze area, bordered at its lower edge by a row of quarter-round carvings. Three grooved brackets support the cornice.

The door and window openings have splayed brick lintels and wood sills. All of the window openings are filled with new 6/6 double hung sash. A modern six panel door is set beneath a new three-light transom. The house sits on a fairly high basement, the entrance being reached by three wood steps. There is a rectangular coal opening located to the right of the steps.
